

NStat Summit Takeaways

- Everyone absolutely loved it - they felt a little exhausted before hand but the Summit gave them the excitement and energy to keep going

Envisioning Activity ([Jamboard](#))

- **My community is healthy and well when...**
 - Youth and elderly are vaccinated, respected, and given the platforms to raise their voices.
 - When the streets are safe for the elderly.
 - When neighbors know each other's names.
 - When mental health is destigmatized and accepted.
 - When our needs are being met
 - When love works.
- **My community includes:**
 - Youth, Adults, and Seniors
 - Gardeners and farmers
 - Parks, open space, community gardens
 - Dreamers and Doers of All
 - Better daycare and youth programs
 - Benches and parkers and better infrastructure
- **This is important because:**
 - The community = experts
 - Health = wealth = justice
 - The community can design and co-create their evolution
 - To better us now and plans for the greatest tomorrow
 - To keep the community safe and clean

Health and Wellbeing - New Strategies ([Jamboard](#))

- Food education workshops
- More info and locations for vaccines
- Tools for generational trauma
- Healthy relationship training
- Investment in emergency planning & mutual aid groups
- Community policing & advanced social service teams
- More educational programs for youth and adults
- Community fridges
- Focus on prevention
- Government to do deep listening with community members
- Social workers who can be supportive for families with drug abusers

Policy Event Analysis

- **Activity ([Jamboard](#))**
 - General Notes:
 - Movie screening
