FARM IN
BUSHWICK**

**HAD DANCE
PARTY IN AN
OPEN SPACE**

**DID A COOKING
DEMO OUTSIDE
WITH FRESH FRUITS
AND VEGETABLES**

started nstat team for each development

rebuilding a community garden and keeping it safe

community engagement

HR events in the community

meet w/ city council rep

try to get more residents on my team

upgrade waste mgmt infrastructure

resident voting for projects

dealing with the dog mess so we don't track it in our homes

how to enforce the signage re: dog mess

new garden

conduct rez engagement and outreach surveys, flyering, tabling

coordinating with partners

more events in safe spaces and activating new spaces

filing permits NYCHA DOT PARKS

activating unused space

creating a community garden and events for healthy eating and living

youth mentorship and sports

redefining what physical space means for communities under construction

releasing the connected communities guidebook

rain gardens on the streets

providing free wifi

get in touch
with green
city force

walkthrough
of the
development
to find space

meet the
property
manager

we
already
have a
garden

find
funding

**START A
NEW
GARDEN**

communication
with residents -
phone to phone and
person to person

Physical Space

Low Impact

High Effort

Low Effort

- community engagement
- new garden
- Rebuilding Community garden and keeping it safe
- upgrade waste mgmt infrastructure
- HR events in the community
- filing permits NYCHA DOT PARKS
- coordinating with partners
- youth mentorship and sports
- more events in safe spaces and activating new spaces
- providing free wifi
- Started NStat team for each development
- meet with city council rep
- releasing connected communities guidebook
- resident voting for projects
- dealing with the dog mess in homes
- how to enforce the signage re: dog mess

1

a lot of time org event for young people and no one came

Resident engagement especially during pandemic

rain gardens on streets

events that have to be rescheduled - weather. ex: bball game wasn't able to happen

complex legal agreements

communication with residents - phone to phone and person o person

2

try to get more residents on my team

find funding

creating community garden and events for healthy eating

conduct res engagement & outreach : surveys, flyering, tabling

redefining what physical space means for communities under construction

3

putting up a flyer in a place that nobody goes

4

walkthrough of development to find space

meet the property manager

get in touch with GCF

activating unused spaces

Possible

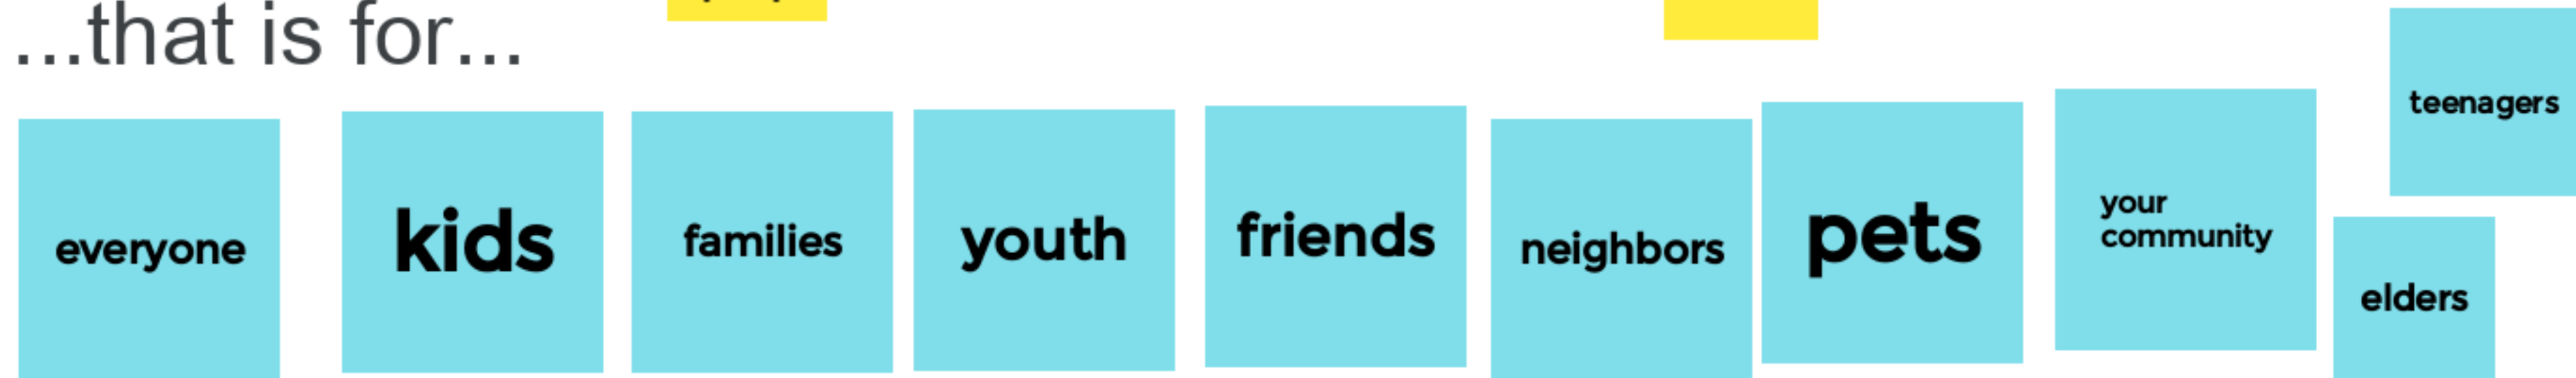

Implement

We envision a future where public space is...

...that is for...

This is important because:

Are there new strategies we should consider?
